## MERCURY STILL AT HIGH MARK; COLD COMING

Lower Temperatures To Banish Indian Summer, Forecast Today.

WESTERN STORMS ABATE

Mountain Regions Dig Way Out of Snow-Blocked Highway Passes.

A drop in the mercury over the week-end was predicted by the weatherman today, following recent record-breaking high temperatures for November.

Yesterday the temperature here was 72 degrees, a decline of only five degrees from Wednesday when the mercury hit 77, the highest November temperature in Marion since 1903.

The low yesterday was 58. A year ago today the city was gripped by an embryo cold wave, the high mark being only 35 and the low, 22.

Weather forecasters over the state believe the recent high marks to be a calm before the storm since it has been announced that Ohio is due for one of the coldest winters in a decade or more.

Although a drop in temperature is predicted, weather will be generally fair in this vicinity, according to the forecast.

RESTORE MOUNTAIN TRAVEL

Snow-Blocked Highway Passes Being Cleared Today.

DENVER, Colo., Nov. 21—Clearing skies brought a truce today in the west's first major skirmish of the season with the hosts of winter.

Disrupted highway and rail transportation, while not yet normal, was gradually being set in order as mountainous drifts were cleared. Wire communication, prostrated by heavy snows, was reestablished.

Four known lives were lost, considerable property damage done and losses to livestock resulted as the storm swept its relentless way from Oregon south to Arizona and from California into the plains country.

Searching parties found the frozen body of Guy Miner, 47, in a drift a mile from his stalled automobile near Mount Dora, N. M., yesterday. A companion named Whitehead was unconscious in the car. The extremely cold weather claimed its other victims in Oregon, Nevada, and El Paso, Texas.

Searching parties failed to find trace of F. G. Evans, Black Forest rancher, who disappeared in the storm Wednesday night.

Country churches, school houses, abandoned buildings and farm and

## Judge Orders Rooster Broadcast Shut Off

JERSEY CITY, N. J., Nov. 21—Vice Chancellor Fallon does not know how to keep roosters from wandering off but he expects John Webster to find out.

The chancellor court granted an injunction against Webster yesterday on the complaint of a neighbor that the roosters had kept him awake and made an invalid out of him. The vice chancellor instructed Webster to muffle them between the hours of 10 p. m. and 7:30 a. m.

"How will I keep the roosters quiet?" asked Webster.

"I don't know," Mr. Fallon replied. "That's up to you."

## CORONER GIVES DEATH VERDICT

Mrs. Lois Sellar, 28, Found Dead in Basement of Home on Waterloo St.

SHOCK GIVEN AS CAUSE

Tragedy Attributed to Sight of Burning Clothes in Wash Boiler.

Death from shock was the verdict returned today by county coroner, Dr. B. D. Osborne, in the death Wednesday of Mrs. Lois Sellar, 28, 275 Waterloo street. Mrs. Sellar was found dead in the basement of her home by her husband, Harry Sellar.

Sellar found his wife Wednesday at 5 p. m. lying on the steps in the basement of their home. The basement was dense with smoke, and the boiler and clothes were burnt black.

Dr. A. A. Starner believed death was due to fumes from the burning clothes and boiler. Dr. Osborne said this morning that she had been dead since morning.

Went to Store

No one had seen Mrs. Sellar since about 9 Wednesday morning, when she went to a near-by grocery. Sellar did not return from her lunch.

The two burners on the hot plate where she heated water and boiled the clothes, were still lighted when Sellar went into the basement. The box on which supported it was smoldering. The boiler was burned crisp, and the clothing charred.

Towels suspended from a line hung near the stove showed no signs of even a slight scorching. The fire was all confined to the boiler and the box under the hot-plate.

In giving his verdict as "death from shock," Dr. Osborne said this morning that he believed the woman had gone into the basement, saw that a fire had started, and had died of shock.

A neighbor who went into the basement immediately after Sellar found the body, said the room was filled with rolling waves of thick smoke.

The Sellar had been married about two years.

Mrs. Sellar was born Oct. 19, 1902, in North Canaan to Charles and Grace Cox. Surviving with her husband and parents are three sisters and a brother, Mrs. Harold Denton and Miss Mildred Cox of Cardington and Belda and Ernest Cox at home in North Canaan.

Funeral services will be held Saturday at 1:30 p. m. at the home of the parents in Cardington. Burial will be made in Iberia.

MISS MARY STARNER

Miss Starner, daughter of Dr. and Mrs. A. A. Starner of South Main street, recently made her New York stage debut in Shubert's "Hello Paris," in which Chie Sale and Polly Walker are starring. Miss Starner is an understudy of Miss Walker.

Miss Starner has a solo dance number and also a speaking part in the production. The show opened in Cleveland several weeks ago and later played in Detroit before going to New York City. Dr. and Mrs. Starner attended the opening performance of the show in the Sam S. Shubert theater.

## BUCKLEY BACK HOME, PLANS LAW PRACTICE

Former State Treasurer Freed from Prison, Has Reunion with Family.

"A NEW DAY," WIFE SAYS

On to Columbus, Where Buckley Expects To Resume Legal Work.

By The Associated Press

CINCINNATI, O., Nov. 21—Bert B. Buckley, former state treasurer of Ohio, arrived here today from Atlanta, federal penitentiary from which he was paroled yesterday, and was met at the central union station by his wife and two daughters.

"I am on parole. I have nothing to say," was the only comment the former state official made to newspapermen about his penitentiary sentence imposed for conspiracy to violate the prohibition law.

Buckley, who appeared in excellent health, wore a new brown suit, dark hat and was friendly to the reporters.

Buckley said he expected to resume the practice of law in Columbus.

Mrs. Buckley said she and her daughters drove here in an automobile from Columbus with Clark McCreary, a friend.

Go to Columbus

The Buckley party immediately entered the automobile and started at once for Columbus.

Buckley arrived here from Atlanta on a Louisville & Nashville train, and embraced his wife and daughters as quickly as he could step from a Pullman.

The former state treasurer introduced Mrs. Buckley and his daughters to newspapermen and speaking of his wife said, "This is the young woman who rolled up 105,000 votes all by herself without any organization to back her for the Republican nomination for state treasurer at the primary last August."

Mrs. Buckley and her daughters greeted Buckley with enthusiasm and smiled continuously during the brief time the party spent here before going to Columbus. "This is a new day for all of us," Mrs. Buckley said.

Health Is Good

Buckley said he weighed 229 pounds, a few pounds heavier than when he entered the penitentiary one year and two weeks ago. He said he felt in perfect health.

Buckley was sentenced to Atlanta for two years, six months and one day by United States District Judge Benson W. Hough of Columbus, for alleged conspiracy to furnish tips when railroads were to be held on certain Cincinnati branch lines.

Two Cincinnati attorneys and a brewmaster also were involved in the charges. Buckley denied the accusation at the time and said he was being made the goat.

TO COMPLETE OPENING PLANS

Main Street Program Committee Working Out Final Details Today.

TO CELEBRATE TUESDAY

Two Bands Will Provide Music; Stores Will Give Away Favors.

Final plans for the observance next Tuesday night of Main street's recent paving will be made today by a program committee of three men, a division of the general committee of which George Kleinmaier is chairman.

Chairmen of the 12 committees which make up the general committee met last night in the C. Z. Zachman store on South Main street to report the progress of plans for the celebration.

The program committee is composed of Richard Zachman, in charge of contests; W. L. Stump, in charge of prize awards; and L. J. Tietzebaum, in charge of entertainment.

Numerous stores which border on the section of Main street which was paved recently will hold open house next Tuesday night during the celebration, according to Kleinmaier.

Two bands, the Future Farmers of America band and the Marion Federation of Musicians band, will give 10-minute concerts along the street from 7 to 9 p. m.

Stores which conduct open house will give favors to all guests, while every store along the street will have special window displays, it is said.

## PENNSY CAR HITS MACHINE AT CROSSING

Merle Brown Dies Instantly in Accident North of Marion.

WAS ENROUTE TO QUARRY

Air Brakes of Gas-Electric South Bound Train Put Out of Operation.

Merle Brown, 38, of Carhart street, was instantly killed when a truck he was driving was struck by a Pennsylvania passenger train four miles north of here at 11 a. m. today.

Brown drove into the path of the southbound gas-electric passenger train while returning to the Ohio Blue Limestone Co. in his empty truck. He had been hauling stone from the quarry to Caledonia. He was within a few hundred feet of the quarry when the accident occurred.

The passenger train, which witnesses estimated was traveling between 45 and 50 miles an hour, hit the truck at the driver's cab, hurling Brown 75 feet, and scattering wreckage of the truck 100 feet along the right-of-way.

Car Crippled

Its air-brake system crippled by the crash, the passenger train was stopped several hundred yards from the crossing by hand brakes. It was unable to continue, and was towed to Marion where it was replaced by a steam locomotive.

Brown leaves a widow, Eleanor Ford Brown, and three children, Maxine, Colleen and James. He is also survived by the parents, Mr. and Mrs. Joseph Brown of Kings Mills, and the following brothers and sisters: Leo Brown at McCombs, Albert and Robert at home, Misses Evelyn and May Brown at home, and Mrs. Wayne Murray of Henry street.

Brown was lifeless when the Schaffner-Queen ambulance arrived at the crossing. It is believed he died instantly.

Rock Crash

Aaron Sharp, residing near the crossing and a witness to the accident, said the passenger train blew its regular warning blast upon approaching the crossing. He said this blast was followed by several short alternate blasts as Brown's truck approached the crossing.

Brown was born at Continental, O. He has lived near Marion 10 years, attending school near Marion. He has been a truck driver several years, recently moving to Marion where he was employed by the Continental Coal Co.

John LaValley of Columbus was piloting the Pennsylvania passenger car.

## SURVEY POINTS TO UP-TREND IN TRADE

Manufacturers' Association President Reveals Better Business Outlook.

By The Associated Press

NEW YORK, Nov. 21—A survey in 18 states has convinced the National Association of Manufacturers that business conditions are on the mend.

Discussing the survey, John E. Edgerton, president of the association, told the New York State Chamber of Commerce last night that industrialists and business men generally were unanimous in the belief that the nation was "only just now taking a breathing spell in the tremendous industrial strides it has made as its own pace."

The states surveyed were California, Colorado, Illinois, Indiana, Kentucky, Massachusetts, Michigan, Missouri, New York, Ohio, Oklahoma, Rhode Island, Utah, Washington, New Jersey, Pennsylvania, Connecticut and Georgia.

Twelve states reported improvements, two reported a stationary status and four reported a decline of which one was in the drought area, another in an exclusively mining region, and a third in an exclusively lumber section.

Industries on the upswing, Mr. Edgerton listed as steel, textiles, public utilities, shoes, paper, building, beet sugar, stock yards, numerous specialties, railroads in some sections, automobiles and allied lines, and mining in parts.

## Child Health Group To Adopt Direct Program

By The Associated Press

WASHINGTON, Nov. 21—Sliding past a point of danger, the President's conference on child health and protection proceeded today toward adoption of a promised direct program for welfare of the young.

The storm, which broke in a sub-committee over a recommendation to give the public health service maternity and child health activities now handled by the labor department's children bureau, was quieted for a time at least. The question may be passed to a continuation committee, which will take up all the conference leaves unfinished.

## CRABBE ADVOCATES DRY LAW CHANGE

Author of Ohio's Enforcement Act Favors Wine and Beer Proposal

By The Associated Press

COLUMBUS, O., Nov. 21—C. Crabbe, father of Ohio's dry laws, today announced that he favors modification of the Crabbe act to permit the sale of light wines and beer.

Crabbe said that the enforcement of the present stringent prohibition law in Ohio was "not satisfactory" and that the people of the state had not prescribed the statute.

The former attorney general said the law has failed to promote true temperance and that it needed to be modified to suit the majority of the people of the state.

Weather Keeps Toledo Youth from Continuing Record Attempt.

By The Associated Press

COLUMBUS, O., Nov. 21—Gerald P. Nettleton, 20, Toledo aviator, was held at Port Columbus today by unfavorable weather conditions in his attempt to establish a new junior transcontinental airplane speed record.

Nettleton said he might be able to proceed to St. Louis, the next stop, later today as weather bureau reports indicated improved flying conditions west of Columbus before noon.

## Nurse in "Lung Machine" Faces Crucial Battle

By The Associated Press

CHICAGO, Nov. 21—Frances McGann has entered the last stage of her grim battle for life. The epilogue is taking place in a gray room in St. Luke's hospital. It might be called "the fight with fear."

For 70 days a mechanical respirator has kept the 25-year-old student nurse alive, taking the place of lungs paralyzed by infantile paralysis. Now, the doctors have told her she can live without the respirator. But the months of dependency upon the machine have made her think she will die unless it does her breathing for her. Imagination, say physicians—but imagination that sends the girl into a shuddering, pitiful paroxysm of fear.

There is a Poe-like setting for this battle with normal way of living the stake—the struggle that Miss McGann, through heavenly-rouged lips, says she is going to win.

She has been out of the respirator many times during the daylight—as long as 17 hours a stretch—and she gamely works to better each preceding record.

## GANG BROKEN UP

Police Claim Capture of Alleged Los Angeles Kidnapers.

LOS ANGELES, Calif., Nov. 21—Police claimed today they had broken up a gang of alleged kidnapers responsible for threats recently made against several prominent Los Angeles citizens. The announcement came after the arrest of 12 men and a woman in a series of raids conducted by narcotic agents last night.

Although members of the suspected gang, allegedly organized in East Los Angeles, Ill., out of gangsters from Chicago and New York, were held on charges of violation of the state narcotic act, Inspector Chittwood said he had information from the underworld they plotted the kidnappings and actually carried out two of them.

Chittwood said the prisoners organized the plot to kidnap Harry Chandler.

Investigators said two wealthy citizens had been kidnaped and had paid ransoms but did not make reports because of threats against their lives.

## "PROPERTY POOR" SISTERS END LIVES

Suicide Pact of Three Women Revealed in Letter; Two Bodies Found.

By The Associated Press

LOS ANGELES, Calif., Nov. 21—Washing ashore of two bodies in Santa Monica bay and a letter to Ralph Miller, Hollywood artist, has revealed the suicide pact of three elderly sisters, apparently penniless while holding title to \$200,000 worth of real estate.

The bodies of Ada Meekon, 65, a widow and Miss Abba Miller, 63, were found yesterday about the time the artist, who is a brother of the women, received a letter informing him his three sisters planned suicide. Miller said the third sister was Jessie Miller, 60. Search was being made for her body.

Miller told police the sisters were property poor. He said they lost a piece of Hollywood property worth \$40,000 for non-payment of loans and held title to other property worth perhaps \$200,000.

In their letter to their brother, the sisters said they owed \$1,325 and had no way to pay it or meet living expenses.

## Fine Thoughts

(Will Rogers Special)

BEVERLY HILLS, Cal., Nov. 21—Before the child welfare gang yesterday Mr. Hoover delivered just about his best speech. I got my doubts as to what he thinks of politicians, but he must love children, or he couldn't have thought of some of those fine paragraphs.

He has never posed as an orator, but he had a lot of things that an orator would have liked to say.

Chicago university came out yesterday with a terrible racial idea. They proposed to graduate a student as soon as he knew enough. That shows you that higher education is making progress. It's taken 2,000 years to think of such a thing. Hereafter they make the smart ones stay there four years just to keep the dumb ones company.

Yours,

Will Rogers

## NEW YORK GREETSEA RESCUE CREW

Mayor Walker Welcomes Mauretania Men and 28 They Saved.

By The Associated Press

NEW YORK, Nov. 21—Mayor Walker donned his smartest greeting costume today to welcome the liner Mauretania and 28 shipwrecked sailors who were rescued in the north Atlantic.

The mayor sent a radiogram to Captain S. G. S. McNeal of the Mauretania last night inviting him and his men to call at city hall and receive the city's congratulations for saving the lives of the crew of the freighter Ovidia Wednesday off Cape Race, N. F.

The Mauretania passed Ambrose channel lightship at the lower end of the harbor, shortly before 9 a. m. today and was expected to reach her north river pier between 1 and 2 p. m.

## TO EXPAND WORK

Ohio Wesleyan Plans Larger Program for Observatories.

By Brush-Moore Learned Wire

DELAWARE, O., Nov. 21—Expansion of the radio research program at Perkins observatory, Ohio Wesleyan university, was announced here today by Dr. Harlan T. Stetson, director. Important results will come from a more intensive study of sun spots as affecting radio reception, the astronomer predicted.

Arrangements have been completed whereby the wave-signal intensities of station WJZ, Newark, N. J., will be systematically measured and recorded at the observatory. The data thus obtained will be correlated with those made with WBBM, Chicago.

An additional set of wireless apparatus has been installed for use in the new work.

## NORMAL BUYING NOW IS WISE AND PATRIOTIC

The wise thing to do because not in many years have prices on all kinds of good merchandise been so low; wise also, because in buying up to the limit of our ability we help to create a demand for more products that will be certain to put factory wheels in motion.

Patriotic because every contribution to trade and industry is a service to the nation as a whole. During the World war everybody responded when the President called for economy. There was a shortage of goods then and manpower was needed to help win the war. Now men are in need of employment and to put them to work, goods that they make must be sold.

The very fact that unemployment exists shows that buying has been reduced. It is clearly the duty of all citizens who have income to buy up to their normal requirements. Many whose incomes are as large as ever, have tightened up for no reason at all and in so doing have helped blockade the flow of production.

## COLLEGE COEDS DEFY UPPER CLASS ORDER

Wesleyan, Freshmen Refuse To Wear Class Insignia; Fight Is Result.

By The Associated Press

DELAWARE, O., Nov. 21—First-year co-eds at Ohio Wesleyan university remained adamant in their stand against wearing freshmen berets today, but they had a profusion of torn dresses and scratched faces to show for it.

Sophomore girls charged on freshmen cottages last night to enforce the beret edict, but the yearlings were ready for them. A general melee followed in which hair was pulled and frocks torn until a patrolman mistook spilled lipstick for blood and turned in an alarm.

Police reinforcements came and separated the combatants, none of whom were seriously hurt although a few freshmen had been ducked under the shower.

Afterwards, the freshmen did a snake dance downtown and reaffirmed their refusal to wear the prescribed headgear.

At Columbus, 50 Ohio State university students capped the sendoff for the football team, which plays Illinois tomorrow, by rushing the doors of the Ohio theater and battling merrily with ushers. Police put a stop to it and arrested eight students, but they were freed when the theater manager declined to press charges. During the day, enthusiastic students jerked off trolley wires and pulled open automobile doors to sound the horns.

Fortunately the United States as yet is not bound by the wishes or decisions of the League of Nations, although we are doing our best to get ourselves up in the world court, which is the league back door.

## Park Rock Garden To Be Beauty Place of City

Alpine Scene Being Worked Out in McKinley Tract in South End; Stone Lodges with Falling Water To Be Feature of Improvement.

Marion will possess a beautiful scenic spot when an extensive Alpine scene, being worked out with a large rock garden and muck mountain runs, is completed at McKinley park in the south end.

The artificial pools and rock garden are rapidly nearing completion at present, and next year will be planted with thousands of the tufted rock garden plants, which will creep among the cracks and crevices of the rock.

### Near Old Bridge

The Alpine scene has been laid out immediately south of the rock

bridge in the park, the south half of the bridge being included in the scene. Water will cascade down over the rocks from a pool on a level with the top of the bridge, falling five feet into a natural wash basin. From this basin the water will overflow into a small creek which winds its way around the garden to two other pools. The water eventually enters back to McKinley park, from which it will be taken.

The rock garden pools and wash basin will be arranged as to give

## IN PATHWAY OF OKLAHOMA STORM

the scene the necessary mountain touch.

The rock garden plants are rugged and grow in high altitudes. Having a short season, its growth is slight. The plant has a tendency to spread rather than acquire height.

Shrubbery will border the Alpine scene, forming a perfect background for the mountainous setting. The scene itself and a border will be graded to give the proper effects.

### Has Miniature Lake

To the south and west of the Alpine scene is an artificial pool, also constructed with rough stone. In the center of the pool is an artificial miniature island on which flowers will be planted next year. Like the other pools, the shoreline is rough and irregular.

Practically all of this work has been made possible by subscription money given by Marionites interested in seeing the parks made more beautiful, according to Dr. F. R. Mann, chairman of the park board.

Work on the Alpine scene has been carried much nearer completion this fall than was originally planned, due to the unusually favorable weather, according to Dr. Mann. Pushing the work toward completion, has entailed considerable expense which the park board had not anticipated. Persons who wish to take an active interest in promoting the park beautification program may do so by making a contribution to the park board and enable the board to complete the work this year.

With the McKinley park boulevard completed, Marionites can get a comprehensive picture of what the Alpine scene and the other beauties of the park will be like next year. Persons living near the park say it is in better condition at present than ever before.

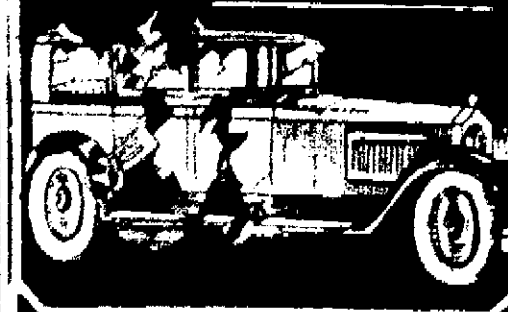

The Alpine scene was laid out by C. A. Raymond of Prospect, who has donated his time and effort for the benefit of the park.

### DRESS UP FIREBOXES

The Marion fire department is doing its bit to "dress up" Main street for the official dedication and reopening next Tuesday night. Uptown fireboxes received an additional coat of bright red paint this week. The boxes had not been painted for some time, and their grimy exteriors were somewhat the worse for the weather until firemen repainted them.

A fortune in diamonds was found in the gizzards of two ostriches in Southwest Africa. One of the birds possessed 53 pure white stones and the other 17.

BY BOB KIRKPATRICK  
ALTHOUGH it is claimed by some master minds that figures don't mean anything, Oscar Ruhl of the Mansfield Journal believes there must be some mistake. Ruhl not only believes it is a mistake but he has gotten together a mass of statistics to show why he thinks so.

Well, Oscar, these figures may not mean anything as far as N. C. O. football is concerned but they do mean something. My alleged mind having failed me as the deadline is drawing near I am passing these figures on to the local readers. Thank you, Oscar.

NORTH Central Ohio league averages disclose every reason why Ashland, Mansfield and Gallon are on top of the heap. The offensive power of the Starnmen is clearly indicated in the figures. In the four games played by the Ashlanders, 55 points have been chalked up, making an average of 13 1/2 points per game.

Although Bucyrus is not in the running for the tag, it ranks second to Ashland in scoring power. The Bucks have accumulated 43 points in four contests for an average of 10 3/4. Gallon is third with 51, which gives it a scoring average of 12 1/2 points per tilt.

The Marion club has one of the poorest scoring records in the league. The Tygemen have only accounted for 22 points in league play, giving them an average of 5 1/2. But what Murphymen lack in punch appears to be well made up in defensive strength.

In the four games played by the local lights this season only one touchdown has been scored against them. And, strange as it may seem, the lone score was pushed across by one of the weakest clubs in the conference, namely, Marion, which held the Tygemen to a 6-6 tie.

The Marion touchdown gives the Mansfielders an average of 1 1/4 points. No other team in the league approaches the splendid defensive work of the Tygers. Gallon has had 27 points scored against it for an average of 6 3/4. In addition to having one of the most scoring records, Ashland also has one of the poorest defensive marks. The Starnmen have had an average of 11 1/4 scored points against them this season.

In the individual ranks, Rybolt, Ashland back, is the leader with three touchdowns and six points after scores making a total of 24. Talbot of Bucyrus is second with 21, followed by Bush of Marion, who has 20 points to his credit. Leading the Mansfield scorers is McKinney with 15. McKinney, by the way, is the only N. C. O. player this season who has accounted for a field goal.

League averages follow:

Team	W.	L.	T.	Pts.	Opp.
Gallon	3	1	1	51	27
Ashland	2	0	2	55	34
Bucyrus	2	1	1	43	28
Marion	1	3	1	22	42
Shelby	0	4	0	8	61

INDIVIDUAL SCORING

Player	Td.	Pts.	Opp.
Rybolt, Ashland	3	6	24
Talbot, Bucyrus	3	3	21
BUSH, MARION	3	2	20
Smith, Gallon	3	1	19
Stout, Gallon	3	1	19
McKinney, Mansfield	2	0	15
Mathews, Ashland	2	0	12
Miller, Bucyrus	2	0	12
Burnison, Gallon	1	1	12

HOPPE WINS BLOCK  
NEW YORK, Nov. 21—Willie Hoppe finally has won a block in his world's championship 151 ballline billiards match with Walter Cochran but seems to have little or no chance of retaining his crown. After Cochran had won seven straight blocks, Hoppe broke the spell by taking the eighth last night 250 to 300, but Cochran leads the champion, 2460 to 1439, with only four more blocks to do.

WESLEYAN TO HOLD BIG RALLY TONIGHT  
Brief Workouts Conclude Drills of Both Bishops and Bobcats.

DELAWARE, O. Nov. 21—The greatest football rally held at Ohio Wesleyan in many years will tonight complete the Battling Bishops' preparation for the Buckeye conference championship battle with Ohio university's undefeated team here Saturday. Wesleyan faculty members and coaches will address the hundreds of students and townspeople who will gather around the huge bonfire at Edwards field.

The briefest of workouts this afternoon completed the lightest week of practice which the Battling Bishops have had this year. The Wesleyan and Ohio teams are both in the best physical condition that they have attained throughout the season.

The two teams are well matched in weight, the average on the line being the same while Ohio has a five pound advantage per man over the Bishops in the backfield.

NOTRE DAME GAVORED  
CHICAGO, Nov. 21—Notre Dame's scoring machine continued to rule a two to one favorite today to take the measure of Northwestern at Dyche stadium tomorrow afternoon.

COLUMBUS, O., Nov. 21—The current football season presents a scanty array of games as 13 teams have already completed their schedules and ten others are waiting for annual Thanksgiving day battles.

### Face Harvard Saturday

FAY VINCENT—YALE CAPTAIN—AND STAR TACKLE—AND FRED LOESER (Below) PUGNACIOUS ELI CENTER—THEY FACE THE HARVARD LINE TOMORROW!

These ten—Miami and Cincinnati Mount Union and Akron, Case and Western Reserve Wittenberg and Dayton, Xavier and Wilberforce—will be the only teams with uncompleted schedules after tomorrow. Their play in the points named except for Xavier, which meets the Haskell Indians in Cincinnati, and Wilberforce, which plays West Virginia Institute at Wilberforce.

Three Big Games  
Three games are of major interest in Ohio although many hearts will follow the westward course of Ohio State's exhilarated eleven which closes the season against Illinois at Champaign. The Buckeyes left for Illinois yesterday, and will work out today in Champaign. They are favored to defeat the Illini and finish the campaign with five victories, two defeats and one tie.

Ohio University and Ohio Wesleyan play at Delaware for the Buckeye conference championship; undefeated and united Heidelberg, unique in that status, entertains John Carroll in Tiffin, and Wooster in Denison in a traditional-rich affair.

The largest crowd ever seated at Delaware is expected to watch an Ohio U. victory there.

May Make It Two  
Ohio, undefeated since the 7 to 0 Wesleyan victory of November 1928 can make it two Buckeye championships in a row by winning tomorrow. The Bishops will shoot the works but they haven't won a game involving the title since 1926.

Wittenberg beat them in 1927 and 1928 and tied them in 1929. Ohio has now replaced the Springfield team in the final game. So far Wesleyan has won seven games and lost only to Heidelberg this year.

Heidelberg should defeat John Carroll and complete its season with nothing but victories. Carroll, although not easy, has not the class of the Student Princes. Carroll has Calcutta but Heidelberg has Yokohama, Hanoi, Wilcox, and Seattle.

The Cleveland team has won from Broadus, Adrian and Wilmington while losing to the Marines, Grove City, Davis-Elkins and Western Maryland and tying Dayton and Wittenberg. Heidelberg has defeated in order, Wesleyan, Ohio State reserves, Wittenberg, Toledo, Ohio Northern, Adrian and Akron.

Wooster and Denison have met only one mutual foe, Wooster tying Muskingum and Denison losing to them by 25 points. Such figuring is deceptive, however, and a close game should result with Wooster winning. Denison has won only from Otterbein while Wooster has defeated West Liberty, Baldwin-Wallace, Oberlin, Case and Mount Union while losing to Ashland and Akron.

Otterbein and Baldwin-Wallace close their season at Berea. The Bereans won only from Hiram while Otterbein has defeated Hiram, Cedarville and Ohio Northern while tying Ashland. Otterbein appears much stronger. Another Ohio conference game finds Kenyon at Xavier with the home team heavily favored, having been beaten by only Centre, Loyola of the south and Dayton. State reserves play Illinois reserves here and should win for the first time over Big Ten competition.

Bluffton meets Ohio Northern at Lima in a toss-up affair which leans toward Northern. Bluffton has yet to win a game but has a chance in this one. Toledo plays at Detroit. City college while Cedarville goes to Morehead, Ky. Simmons plays at Wilberforce.

### WILDCATS-IRISH IN OUTSTANDING GAME

Other Big Ten Battles Secondary to Battle of Irish, Purple.

BY WILLIAM WEEKS  
Associated Press Sports Writer  
CHICAGO, Nov. 21—That interesting midwestern rivalry is on a collision course in the Western conference championship by defeat of Chicago. They have not forgotten that in Michigan, however, and Ames Alonzo Stagg's Maroons will play in front of more custom than they have in any two previous games of their schedule.

There is no reason for doubting that Notre Dame's first victory over just about as good as ever represented the South End institution and Northwestern is at least a co-holder of the Western conference championship.

History has repeated itself as far as the current Western conference delegate is concerned. In 1929 Northwestern shared the Big Ten title with Michigan and met Notre Dame in one of the greatest battles of the midwestern season. The Irish won 6 to 0, to win the argument that year.

A Rubber Game  
Back as far as 1921, however, another good Notre Dame eleven was forced to bow to the Big Ten titleholder—Iowa. The Hawkeyes squeezed out a 10 to 6 victory over the Irish. Saturday's contest will be a sort of rubber affair.

Coach Knute Rockne, yesterday started singing in a minor key. Notre Dame is ready mechanically, but he is a little afraid that the tigers of that maroonish schedule have taken too much out of his men and that they will not have the edge necessary to slice through the bigger Northwestern eleven.

There will be other football games in the midwestern lands of the Big Ten season—but they have been shoved so far into the back ground that gridiron enthusiasts generally have almost lost sight of them.

## WATCH THESE DANGER SIGNALS!

HEADACHES, dizziness, coated tongue, loss of appetite, lack of pep, a general feeling of "blues"—these are some of the danger signals of constipation.

Look out for them. Don't let them make your life miserable. Start tomorrow eating Kellogg's ALL-BRAN—a delicious ready-to-eat cereal. You'll enjoy its improved taste and texture. And what a relief it will be after taking unnatural, habit-forming pills and drugs.

Two tablespoonfuls of ALL-BRAN daily are guaranteed to prevent and relieve both temporary and recurring constipation. In severe cases, eat it three times daily.

Milk or cream brings out the delightful nut-like taste of

Kellogg's ALL-BRAN. And with milk or cream, important vitamins are furnished. ALL-BRAN is equally tempting with fruits or honey. Sprinkle it over other cereals.

Use it in cooking—for making delicious bran muffins, breads, in omelets, etc. ALL-BRAN also has iron, the builder of good rich, red blood. At all grocers in the famous red-and-green package. Made by Kellogg in Battle Creek. The original All Bran.

**OUR SLOGAN**

In our years of experience in the meat business, we have learned that it is very much worthwhile to select only the very best. Our prices may be slightly higher, but we know our customers appreciate quality and that is our slogan. Ours is the only market in the city where you can buy a full line of Home Dressed Meats. We have a full line to offer you Saturday. If you cannot visit our store, phone your order. We have four deliveries daily to all parts of the city. Watch our window display.

**CHICKENS, DUCKS, GEES and TURKEYS**  
for our Thanksgiving Day trade.  
Order your Thanksgiving Poultry early. Early orders get first choice.

**Honey Krust Bread**

After all it is the food value in food that counts. Quantity without quality does not count for much and costs a great deal more when you figure price. Honey Krust is made of the best ingredients and is sold at a price that is as low as any other bread made.

## New Broadway Star Entertains in NBC Program

ONE of Broadway's latest "finds" is Ethel Merman, the singing lady from "Gili Crazy," lately with Ed Wynn in the picture version of "Manhattan Mary," whom the Nestle Chocolaters entertain as guest artist on the program Nat Brunloff and his orchestra present Friday from 8 to 8:30 p. m. over the WJZ network.

Miss Merman will sing three tunes—"When You're Smiling," "My Future Just Passed" and "Sing You Sinners."

Just a month more than a year ago, Ethel Merman was singing in a Russian restaurant, hiding her light under a bushel, so to speak. One night a group of Broadwayites, searching for new entertainment, saw her perform. One of the party was a booking agent of renown, who fully sensed her ability and interested producers in her work.

"Rakoczy Overture," an old traditional tune of Hungary, arranged by Keler-Bela will open the Slumber program to be presented by Ludwig Laurier over the WJZ network Friday at 11 p. m.

"Northern Lights," an original selection to be played as a violin solo, will feature the program, Le Trio Morgan, over the WJZ network Friday at 8:30 o'clock.

The song hit "Yama Yama Man" from "Three Twins," a success of 1938, will be included in the Wood program Friday at 8:30 p. m., as a special arrangement by Freddie Rich's orchestra and the Wood Life Savers Quartet.

Opening with the march "Before the Mast," a program entitled "Seaboard Night," will be presented at

LOUIS GRAEME  
Graeme is conductor of the Telly Tea Hour orchestra which is heard over the WJZ network every Friday at 5 p. m.

The Old Company Program over the WEAF network Friday.

Variety in abundance prevails in the Cities Service Concert which will be broadcast over the WEAF network Friday at 8 p. m.

"Tony's Scrapbook," which has been going on the air over the Columbia network at 6:45 p. m., has been switched to 8 a. m. weekdays and 10 a. m. Sundays.

"Illinois Loyalty Song" of the University of Illinois will be sung by the quartet during the program College Memories to be broadcast from the NBC Chicago Studios Friday at 7:15 p. m.

## Late Song Hits Are Featured in Columbia Bill

THAT seemingly ambiguous song title—"Prize of a Fair"—opens the proceedings as the Phoenix Dance Band presents another fast serenade over the Columbia network Friday from 10:45 to 11 p. m.

Stepping rapidly among the other song hits of the hour in their tribute to Miss 1939, singers and orchestra further blend their efforts in "Mama, I Love You," "Sweeping the Clouds Away" and "Body and Soul."

Harlow Wilcox is the announcer for this program, originating in Columbia's Chicago studios.

Ann Seymour, comedienne, will be the guest artist of the RKO theater of the Air when it is broadcast over the WEAF network Friday at 10:30 p. m.

Among other selected grand opera going presented, will be the Scene and Prayer from Mascagni's opera, "Cavalleria Rusticana," during the Grand Opera Miniatures program Friday over the Columbia network.

Porter Lee, director of the New York School of Civic Work and member of the President's emergency committee, for employment will make a five-minute talk over the Columbia Broadcasting System Friday at 7:55 p. m. "Unemployment Relief" will be Lee's topic.

## The Stars Say—

For Saturday, Nov. 22.

THE sidereal operations for this day seem to accent the domestic, artistic, social and romantic affiliations of those forms of business in which these elements are concerned. Employment should prove pleasant and advantageous, as should contacts or engagements with elderly persons or institutions. But the purely personal activities may pleasantly and fortuitously eclipse all other interests.

Those whose birthday it is may expect a year in which the domestic, social, artistic or affectional affiliations may be predominant, although business relating to these and also employment should prosper and bring happiness. Also matters associated with elderly persons or institutions should flourish, but in all affairs the temper should be preserved and caustic speech avoided. A child born on this day may be clever, practical, energetic and personally attractive and popular. But it should be disciplined in cool and "civil" speech.

## TO HOLD HEARING

A continued hearing on the petition of D. H. Smith for the straightening of the Whetstone river road in Richland township will be held by county commissioners Saturday at 10 a. m. in their office in the courthouse.

## POSTPONES SHOOT

A shoot originally scheduled for Nov. 12 at the Seiler Gun club near Marion, will be held on Nov. 26, it was announced today. Prizes will consist of turkeys and other fowls.

Bring the whole family—spend Tuesday on Main street. Celebration all day and night. Adv.

## DON'T ENDURE TORTURING PILES USE RESINOL

If only a few of those who have used Resinol Ointment could tell you of the immediate relief it gives from itching, bleeding, painful piles, you would be convinced how unnecessary it is for you to suffer. So gentle and healing, it can be used safely on the most inflamed parts. Many women find Resinol in valuable for relief of local itching caused by acid or irritating secretions.

## Flashes of Life

NEW YORK—It's 50:50 for the duffer next year. They must play with a balloon ball which they can't hit so far as this year's heavier and smaller affair, but the executive committee of the United States Golfers' association has taken no action toward forbidding use of a new fangled expensive heavy concave niblick that makes a joke out of a trap.

CHICAGO—Albert Crockett, Negro Republican leader of Peoria, Ill., has trundled a wheelbarrow of coal to Chicago—173 miles. The reason was his confidence that Mrs. McCormick would be elected senator. His elapsed time was 74 hours.

ROOSEVELT FIELD, N. Y.—Miss Frances Hartell has sent word from Washington that she and another woman plan to stay up in the air longer than any man ever did. They promise to make an endurance flight at Miami in January.

WASHINGTON—Jack Garner has lost a hat. He picked Hefflin to win. John Duffie, assistant minority leader, has headgear he did not own before.

WASHINGTON—Any curiosity as to the contents of Mrs. Lindbergh's notes of a lecture on the training of a pre-school child probably will remain unsatisfied. Anyhow her pencil was busy when it was set forth among other things that the average child of four years is likely to have from one to four spankings a month.

SUES FOR DAMAGES  
AFTER AUTO CRASH

C. D. & M. Electric Co.  
Named Defendant in \$10,  
000 Suit.

Injuries sustained in an auto  
mobile crash which allegedly re-  
sulted from hitting a hole near  
the defendants' utility line are  
made the basis of a \$10,000 damage  
suit filed today in common pleas  
court by Nelson Brown against the  
Columbus, Delaware & Marion  
Electric Co.

The plaintiff avers the machine  
in which she was riding hit a rut  
near the hole at the intersection  
of Tappan and Davis streets on  
Sept. 6, breaking off the right rear  
wheel and sending the car into  
another parked near the curb.

She suffered a broken right arm  
and a fractured right wrist, as  
well as lacerations, she claims in  
her petition. The fingers on her  
right hand are stiff and the arm  
permanently injured, she says.

The accident occurred when her  
husband, George G. Brown, at-  
tempted to pass a machine which  
had stopped in front of him. In  
doing so, he was forced to drive  
his Willys-Knight sedan on the  
tracks of the defendant, according  
to the petition.

Attorney Frank Wiedemann is  
counsel for the plaintiff.

SANDUSKY TO BID  
FOR GRANGE MEET

City Was Chief Contender of  
Marion for Convention  
This Year.

One of the liveliest sessions of  
the Ohio State Grange convention  
here Dec. 8-12 will take place when  
Ohio cities bid for the 1937 conven-  
tion of the organization.

A spirited fight between several  
cities when delegations point out  
the advantages of their respective  
cities usually accompanies the se-  
lection of a convention city.

Among the cities to bid for the  
1937 convention will be Sandusky.  
Erie county grangers have already  
launched a campaign to take the  
convention to that city.

Sandusky was one of the close  
contestants bidding for the 1930  
convention, which Marion obtained  
by a narrow margin of votes dur-  
ing the 1929 session of the grange  
at Portsmouth.

## AT CONFERENCE

Local Health Workers Attend Meet-  
ing in Columbus.

Local health officials this week  
attended the Ohio Society of San-  
itarians' conference in Columbus.

Dr. N. Siffritt, city-county health  
commissioner, this afternoon was  
to talk on "Milk Sickness" on the  
closing afternoon's program.

Dr. J. T. Gruber, city-county milk  
and food inspector; Mrs. Edna  
Travis, county nurse; Miss Mabel  
Hastings, city nurse; Miss Florence  
Spaulding, county Red Cross super-  
visor, and Mrs. Leta Maugans, Red  
Cross nurse, attended the sessions,  
Tuesday, Wednesday and Thursday.

Spend Tuesday in Marion at the  
Main Street Celebration. Bargains

## FARMER IS INJURED

Thrown From Wagon When Team  
Becomes Frightened.

CALEDONIA, Nov. 21—Leslie  
Krouse, farmer of three miles west  
of here, sustained a crushed shoul-  
der bone and head injuries late  
Thursday afternoon when he was  
thrown from his wagon.

Krouse was driving a team of  
mules from the John Hall farm  
where he had been working. The  
mules became frightened and ran  
away. He was thrown to the  
ground.

An x-ray was taken in the office  
of a Marion physician and he was  
treated by a doctor here.

## W. L. KELLOGG DIES

Caledonia Man Passes Away at  
Marion City Hospital.

CALEDONIA, Nov. 21—Walter  
Kellogg, 61, farmer of near  
here, died in Marion city hospital  
yesterday. He had been ill for a  
year and death came from com-  
plications following an operation.  
He will be buried in the Cal-  
edonia cemetery Saturday follow-  
ing funeral services at the home at  
7 p. m.

Surviving is a brother, Elmer,  
with whom he made his home. He  
was born north of here Oct. 7, 1869.

Juvenile Grange To  
Exemplify Degree

Grand Master Juvenile grange  
accepted an invitation to exemplify

the juvenile degree at the state  
grange convention here in Decem-  
ber at a meeting Tuesday night in  
the grange hall.

Roll call was responded to with  
singing favorite characters in the  
come strips. Ruth Hinman and  
Dorothy Bish gave readings. The  
remainder of the lecture hour was  
combined with the subordinate  
grange lecture hour. A regular  
meeting will be held Dec. 7.

SCULPTURE DISPLAY  
IN STORE WINDOW

Rico, Hawaii and six foreign countries.

Mrs. Walter E. Hane, art chairman of the federation, has completed plans for conducting a contest for both adults and children of the public and parochial schools of the city for work to be entered in the contest this year and it is expected that a number of persons interested in sculpturing will take part.

The contest, which will be a part of the activities of the art department of the federation, will open at once and continue until Feb. 3 when a committee headed by Prof. Erwin F. Frey, professor of sculpture in the fine arts department at Ohio State university, will judge the pieces. Professor Frey will be the speaker at a meeting of the Art club in February. The pieces chosen by the committee will be sent to New York City to compete in the national contest which will close May 1, next year.

The contest has been arranged Mrs. Hane stated, as a medium or incentive for some person or persons in Marion and vicinity with a talent for this art to find themselves, and is open to all interested persons.

## GETS 1930 HONOR

Sir Chandrasekhara Venkata Raman, noted Hindu physicist, has been named as recipient of the Nobel Award for Physics in recognition of his extraordinary research in the field of light diffraction. He served in 1924 as research associate at the California Institute of Technology.

story of the west and he has given this title to his book. When Lewis and Clark were pushing into the unknown Northwest, Santa Fe was the goal for French and American traders. Through this trail the Americans had their longest and most fruitful contact with the transplanted traditions of Spain and these are delightfully told by the author in his new book.

Author Returns  
from Europe

DOROTHY CANFIELD returned this month from Europe in time of the publication of "The Deepening Stream," her first novel since "Her Son's Wife," which appeared four years ago.

# WAKE UP—

*...it's time  
to buy*

**P**ROSPERITY is not dead in America...it has simply been asleep...dreaming bad dreams...dreams of depression; of the fear of spending...the delusion of hoarding. We've been in a lethargy from which only a real alarm could arouse us.

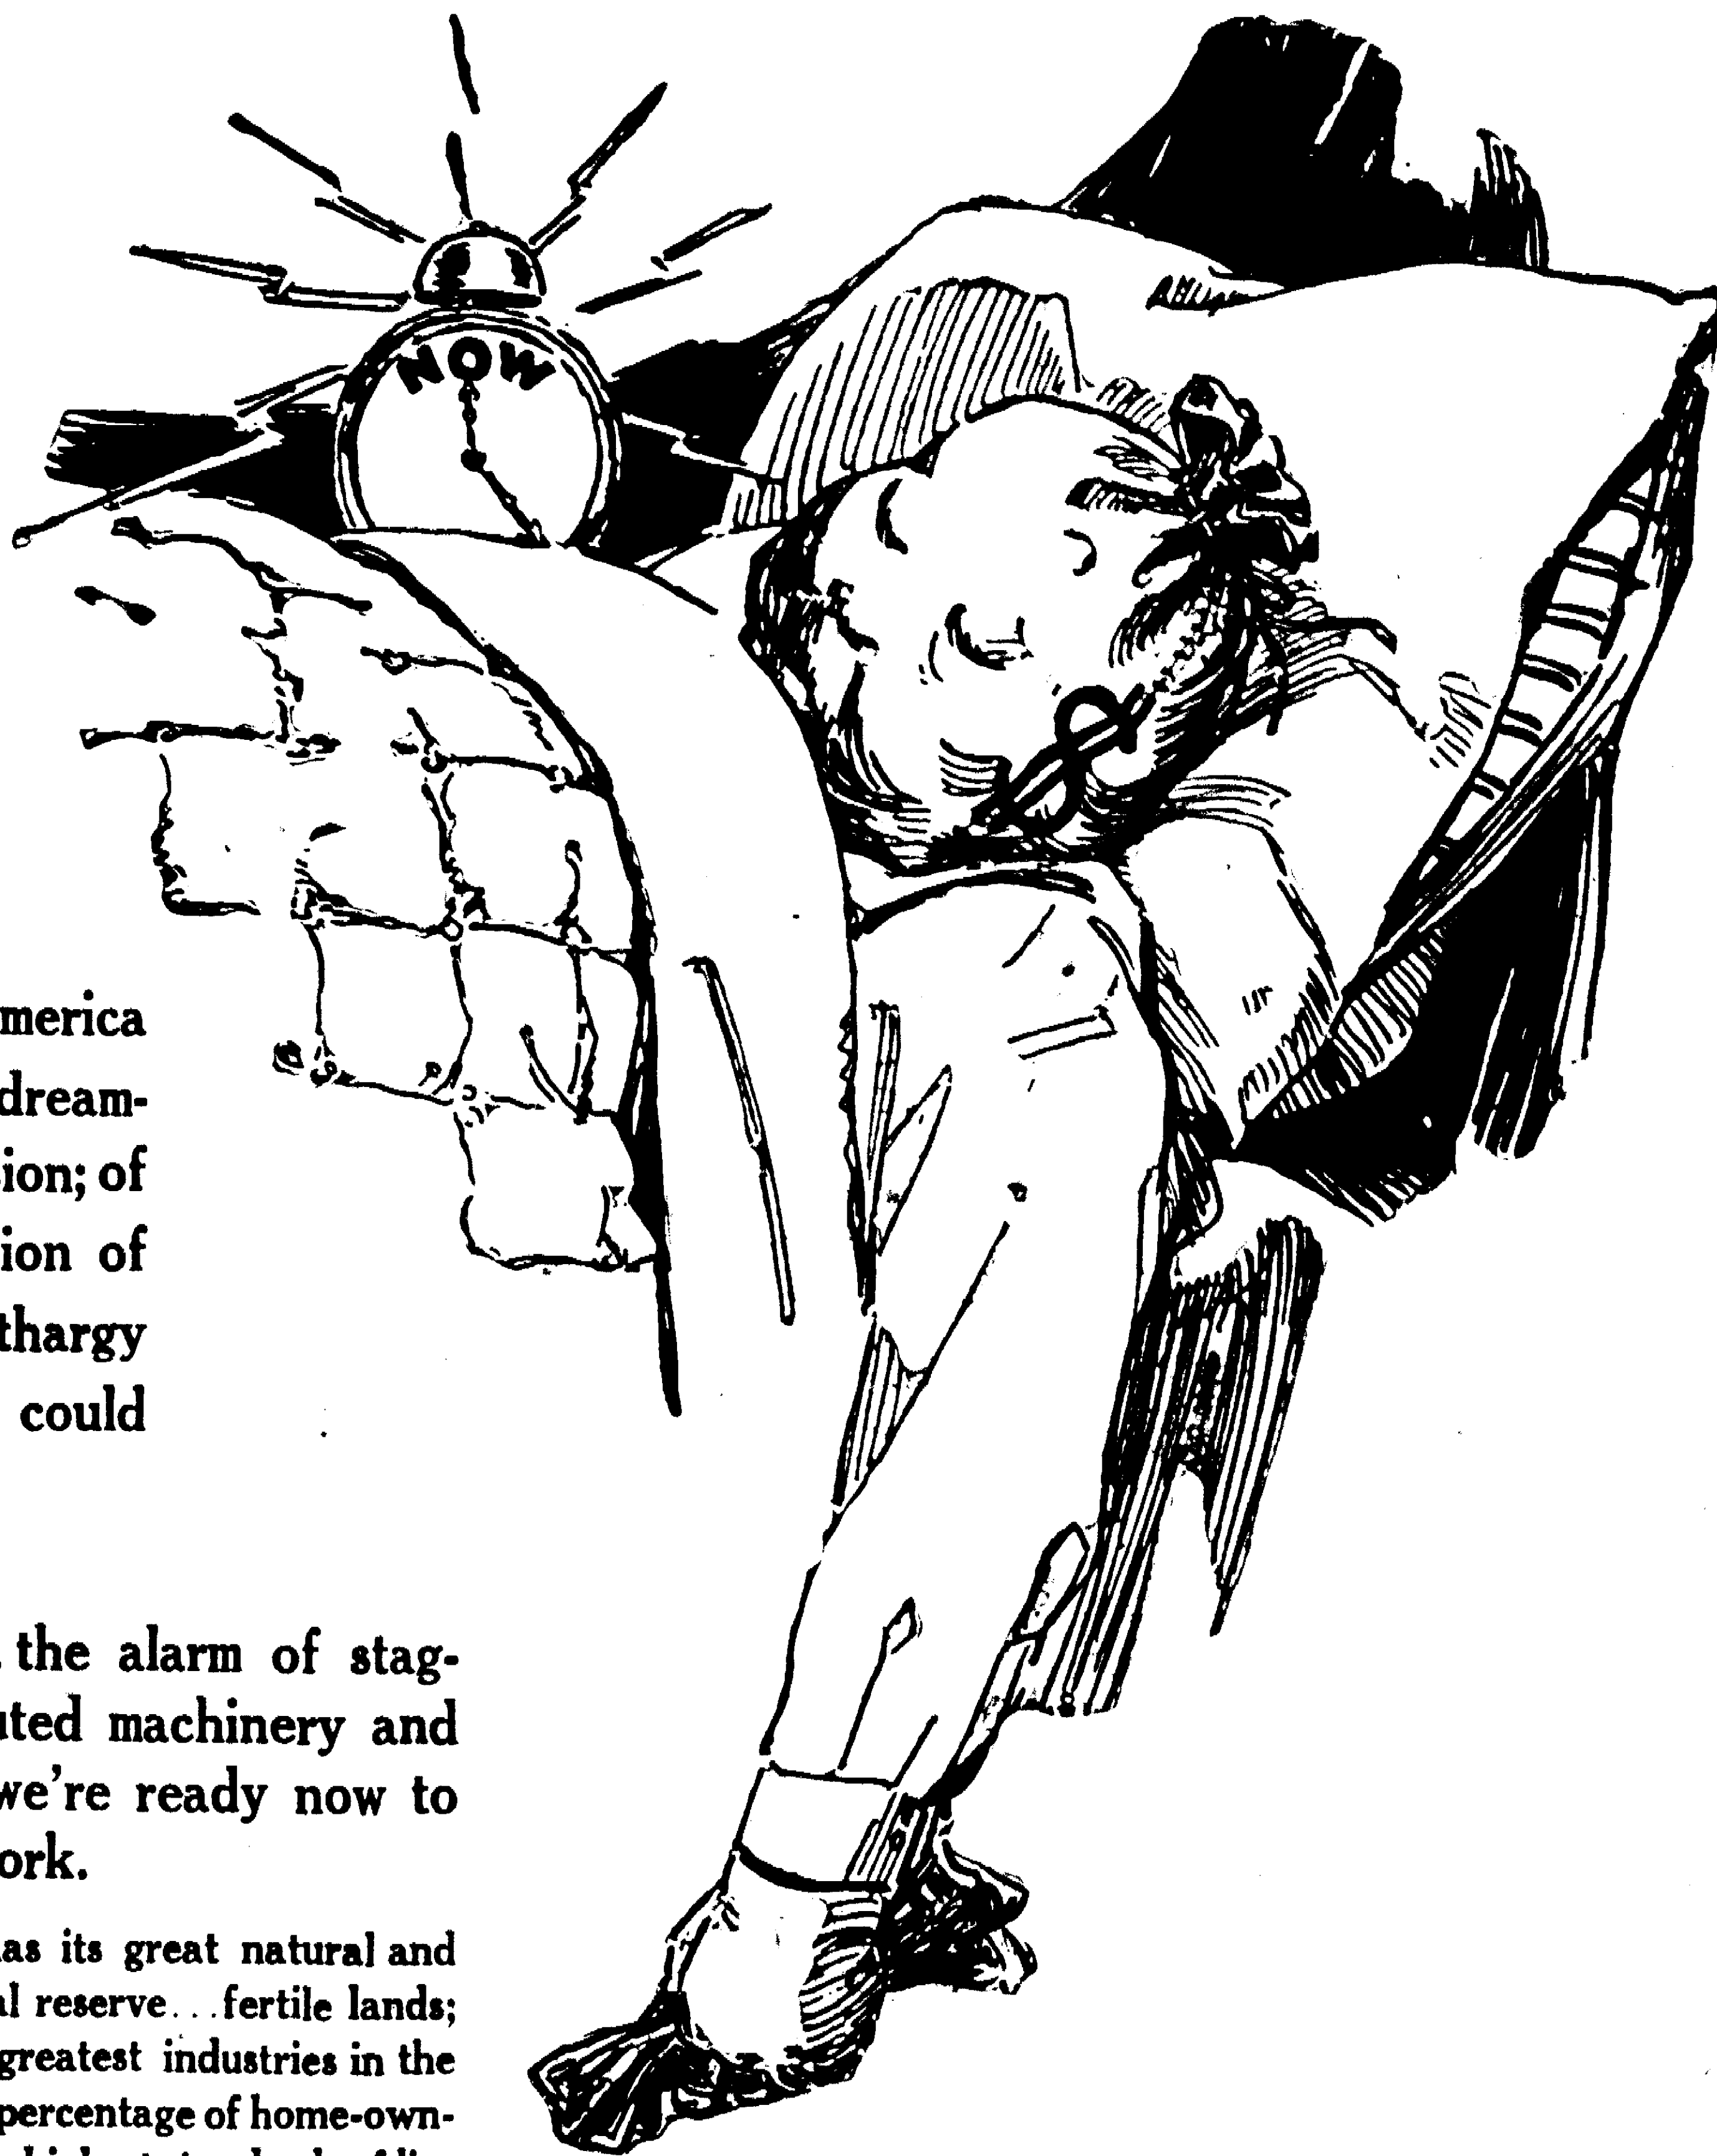

But we've heard the alarm now...the alarm of stagnant business; factories with muted machinery and deplorable unemployment...and we're ready now to get up and put our dollars to work.

No, Prosperity is not dead. America still has its great natural and industrial resources...its tremendous capital reserve...fertile lands; immense savings deposits in the banks; the greatest industries in the world; the most skilled workmen; the highest percentage of home-ownership; the highest percentage of literacy; the highest standards of living and the most cultivated desires for the better things in life.

It's time now for us to put activity back of our resources; to indulge our desires; to release the money we have been hoarding...in other words to buy so that merchants can move their goods, place orders with the factories to employ more men and give to those men in wages the means to buy what you yourself sell or produce.

But we must all do our part in this Buy Now program. Don't wait for "George to do it" or George will wait for us and none of us will get anywhere. You start patronizing George today and George will start buying from Tom, and Tom from Dick and Dick from Harry and Harry from you.

Depression is merely an obsession...a confession of fear...a compression on the pulse of prosperity that stops the circulation of money. And money is just as important to the life of business as the circulation of the blood is to the life of the human body.

This is the third of a series of four advertisements, inserted by the business and civic organizations of Marion, in support of the national "Buy Now" campaign. Special buying inducements in every Marion store from November 15th to November 25th. Prevailing Prices are the Lowest in Years.

**"You Buy—He Works!"—**
